The children very much enjoyed taking part in a variety of activities including designing and making their own healthy pizza, Bhangra and street dancing, combat fitness, boxercise, kwik cricket and kick rounders!

I would like to thank the staff from both schools who helped to organise such a fantastic day for our children.

Learning Achievements

Reception: This week we have all had a lovely week learning about which foods are healthy to us and taking part in a range of sporting activities. We have also been looking at comparing length of caterpillars.

Class 1: have been very busy taking part in a range of sporting activities and acting out scenes from Jack and the Beanstalk.

Class 2: the children have become poets! They created and then performed, complete with actions, mini beast limericks for the Reception children, who thoroughly enjoyed them all. Lines of symmetry, 3D shapes and identifying different angles on a straight angle line have been the main focus in Maths this week. Healthy eating and the "eat well" plate have featured in Science lessons to tie in with our science and sports day at Henshaw.

For more information please look on our website and Facebook page.
