Brief Overview and  
Link to our drivers

Nature's Art

Brief Overview and  
Link to our drivers

Mixed Media

Brief Overview and  
Link to our drivers

Figures & Forms

Brief Overview and  
Link to our drivers

Year 5/6  
Cycle B

Trailblazers

Brief Overview and  
Link to our drivers

Environmental Art

Brief Overview and  
Link to our drivers

Distortion

Brief Overview and  
Link to our drivers

Bees, Beetles  
and Butterflies

Brief Overview and  
Link to our drivers

### Taotie

- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Nature's Art

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Mixed Media

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Figures and Forms

- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).

### Trailblazers

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Environmental Art

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Distortion

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Bees, Beetles and Butterflies

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Prehistoric Pots

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Ammonites

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).

### Beautiful Botanic

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Mosaic Masters

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Wrap and Weft

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Vista

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Statues and Statuettes

- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.
- Evaluate and analyse creative works using the language of art, craft and design.

### Icons and Motifs

- Create sketchbooks to record their observations and use them to review and revisit ideas.
- Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials (for example, pencil, charcoal, paint, clay).
- Learn about great artists, architects and designers in history.

### Mix It—Year 1

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

### Funny Faces

- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
- Use a range of materials creatively to design and make products.

### Rain and Sunrays

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Use a range of materials creatively to design and make products.
- Evaluate and analyse creative works using the language of art, craft and design.

### Street View

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
- Use a range of materials creatively to design and make products.
- Use drawing, painting and sculpture to develop and share their ideas, experiences and imagination.

### Mix It—Year 2

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
- Use a range of materials creatively to design and make products.

### Still Life

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

### Flower Heads

- Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
- Use a range of materials creatively to design and make products.
- Use drawing, painting and sculpture to develop and share their ideas, experiences and imagination.

### Portraits and Poses

- Learn about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
- Use a range of materials creatively to design and make products.
- Use drawing, painting and sculpture to develop and share their ideas, experiences and imagination.
