Learning Achievements

Reception/Class 1: this week we have started practicing our Christmas play. We have been looking at the seasons and comparing them. In Maths, we have been using part whole models and bar models to represent numbers. We baked biscuits for Children In Need.

In Reception we have been looking at doubling and creating patterns and describing the patterns. We have also been working on reading CVC words.

Class 2: this week the children have been learning all about how to keep their bowel happy and healthy. They have been identifying familiar slogans used to promote everyday products and creating their own slogan to maintain a happy and healthy bowel. In DT we have started our plans and designs to make a wearable digestive system. The children have thought about what they could use to represent each part, and how they could wear it. They then incorporated their slogan into a poster which will be displayed in the children's toilets. In Maths, the older children have been converting improper fractions to mixed numbers, while the younger children have been solving word problems and estimating. In RE we have been looking at water and the baptism of Jesus. We went to the river to think about what water means to us and why it is used in baptisms. On Thursday afternoon the whole class baked biscuits for Children in Need. The children worked in groups to follow the recipe and cut out different Pudsey shapes.

SPaG for KS2 children will start again next Tuesday, 19th November.

For more information please look on our website and Facebook page.
